People Who Won
The Pritzker Architecture Prize

I think I can safely say that, The Pritzker Architecture Prize is the "Nobel Prize" for architects (check the detailed description of the prize in Wikipedia). This project is a try to reveal some facts of people who had won the prize, and hopefully give you a chance to take a glance of the mysterious life of these brilliant architects as a group.

How old were they? ▼

2020

1979
